

REMARKS

The Quayle Action of December 28, 2006, has been carefully studied. Allowed claims 3-11 remain in the application for consideration.

In response to the Examiner's objection to the abstract and claim 11, Applicant has amended both the abstract and claim 11 to eliminate each of the problems identified by the Examiner. Applicant respectfully submits that this application is now in condition for allowance.

The prior art documents made of record and not relied upon have been noted along with the implication that such documents are deemed by the PTO to be insufficiently pertinent to warrant their applications against any of applicant's claims.

Favorable reconsideration and allowance are earnestly solicited.

Respectfully submitted,
